

# One attention spectrum, two token assignments

Query: Japan -> ?    Required evidence: Tokyo

## Maximum assigned to a distractor

|               |                      |                  |               |
|---------------|----------------------|------------------|---------------|
| Paris<br>0.55 | <b>Tokyo</b><br>0.07 | Brasilia<br>0.25 | other<br>0.13 |
|---------------|----------------------|------------------|---------------|

**Source mass: 0.07**

## Maximum assigned to required evidence

|               |                      |                  |               |
|---------------|----------------------|------------------|---------------|
| Paris<br>0.07 | <b>Tokyo</b><br>0.55 | Brasilia<br>0.25 | other<br>0.13 |
|---------------|----------------------|------------------|---------------|

**Source mass: 0.55**

**Preserved: complete weight spectrum | entropy | norms | maximum weight**
